

RIDESHARE DRIVERS: DRIVE ELECTRIC & EARN MORE

Car: Save thousands—new or used

Tax breaks, rebates, and savings for electric cars.

Fuel: Electricity is cheaper than gas

It's like paying less than \$2 for a gallon of gas.*

Maintenance: There's practically none

Fewer parts, no transmission, no oil changes. It almost takes care of itself.

Health: Clean the air

No harmful tailpipe fumes, so you improve local air quality and reduce smog.

Multiple ways to charge:

- Choose from thousands of public chargers in the Los Angeles region, including **more than 700 fast chargers**
- Charge fast—Fuel up to 80 percent **in just 30 minutes**
- Charge affordably—Fast charging typically costs **\$10 or less** at public chargers
- Charge ahead—Drive **200-plus miles per charge**.

Is an electric car right for you?

How much of your earnings goes to gas?

Do repairs and maintenance erase your earnings?

Is your car aging off the platform?

Are your riders excited about your car?

AN ELECTRIC CAR MIGHT BE FOR YOU!

USE THE PLUGSHARE APP TO FIND A CHARGER NEAR YOU

"There is nothing that would make me go back to driving a gas car for this work."

—Rudy A.
